PROFILE

Front-End Developer specializing in building responsive, production-ready web interfaces with React and Next.js.

I have hands-on experience working on real-world projects, including e-commerce platforms and booking systems, with a strong focus on UI quality, performance, and maintainability.

I am open to **remote roles, internships, and freelance projects**, where I can contribute immediately as a front-end developer while continuing to grow my full-stack experience.

SKILLS

- Frontend: Next.js, React, Tailwind CSS, TypeScript, ShadCN UI
- Backend: Node.js, Prisma ORM, REST APIs, NextAuth.js
- Database: MongoDB
- Tools & Services: Git, GitHub, Stripe API, Cloudinary, Vercel
- Other Skills: Responsive Design, Problem Solving, Self-Learning

PROJECTS

Modern Fashion E-Commerce 🔗 09/2025 – 10/2025

Front-End Focused Web Application

- Designed and developed the **front-end architecture and user interface** of a modern e-commerce platform inspired by ZARA.
- Built responsive layouts, reusable UI components, and optimized user flows using **Next.js, Tailwind CSS, and ShadCN UI**.
- Integrated backend services such as **Stripe payments, OAuth authentication, Cloudinary media management, and webhook-based order tracking**.
- Focused on performance, accessibility, and clean UI to deliver a smooth shopping experience.

Tech Stack: Next.js, Tailwind CSS, ShadCN UI, TypeScript, Stripe, MongoDB, Prisma, NextAuth.js, Cloudinary

Airbnb Clone 🔗 07/2025 – 08/2025

Front-End Oriented Booking Platform

- Built the **front-end experience and UI system** of an Airbnb-style booking platform with authentication, wishlists, and property listings.
- Implemented responsive and accessible components using **Next.js, Tailwind CSS, and ShadCN UI**, ensuring consistency across devices.

- Connected front-end features with backend services, including **authentication, booking logic, and Stripe payments.**
- Deployed the application on **Vercel**, optimizing performance and production readiness.

Tech Stack: Next.js, Tailwind CSS, ShadCN UI, TypeScript, MongoDB, Prisma, Stripe, NextAuth.js

EDUCATION

Independent Learning — Web Development <i>front-end development</i>	01/2024 – Present Salé, Morocco
---	------------------------------------

- Focused on **front-end development** using React and Next.js, with supporting experience in backend technologies.
- Built production-ready projects, including an e-commerce platform and a booking system with Stripe payments.
- Developed strong problem-solving skills and clean, maintainable coding practices through self-directed learning.

Lycée Omrbie <i>Secondary Education (Completed up to Final Year)</i>	09/2023 – 07/2024 Salé, Morocco
--	------------------------------------

Completed up to the final year of high school with a focus on scientific subjects before transitioning to self-taught web development.
